PREFACE

EBF COMMERCIAL OFFICER

Dear all,

What. A. Year.

Before you know it, June is upon us, and tonight marks our General Assembly, where we will officially hand over our roles and welcome the new candidate board.

Looking back, it's incredible to see how much we've experienced together. From the Master BBQ at the very start of the academic year to last month's EBFestival; the list of memorable moments is long.

This past month has been relatively quiet for EBF, but we hope you've all managed to make it through your exams, theses, or other projects. Perhaps you've even recently earned your Bachelor's or Master's degree. If so, congratulations!

Though this may be the final edition of our magazine for the year, we take one last look back at what has truly been a remarkable time.

Best,

Jarno Prins

GET TO KNOW.... JARNO!

CAN YOU INTRODUCE YOURSELF?

My name is Jarno and I am
the Commercial Officer of the EBF Board 2024-2025.
Currently I am 21 years old and I was born and raised in Haren,
which is a small city underneath Groningen. I did a BSc in
Business Administration! Next year I am planning to follow a
MSc in Technology and Operations Management and a MSc in
Supply Chain management.

WHY DID YOU APPLY FOR THE EBF BOARD?

After completing two committees within EBF and finishing my Bachelor's degree, I felt I wasn't quite ready to leave student life behind. I wanted to do something extra. My brother had done a board year at another association, which inspired me to explore similar opportunities. That's when EBF came to mind. What really appealed to me was the unique combination of professionalism and social connection that a board year at EBF offers.

WHAT DO YOU DO AS COMMERCIAL OFFICER?

As the Commercial Officer at EBF, I was responsible for managing all corporate relations. This meant maintaining close contact with recruiters and company representatives, ensuring strong and lasting partnerships. Throughout the year, I organised various career-focused events, such as business dinner, Inhouse Days, and Recruitment Days, to connect students with potential employers. It was truly rewarding to see students explore career opportunities and take meaningful steps towards their professional future.

CLOSING WORDS

And just like that, we have reached the end. Not only the end of this magazine, but also the end of the academic year.

Looking back, I have truly enjoyed every moment of this board year, and I hope you have had just as much fun at all the events we experienced together. For some of you, this might be the end of your journey at the University of Groningen. Perhaps you are starting a job or moving to a new city in the Netherlands.

But for those who are staying, like myself, let us make the most of the year ahead together with Board 19. I hope to see you at one of the upcoming events. Until then, take care and enjoy your summer!

Best regards,

Jarno Prins
